5 WAYS TO ADVANCE YOUR LOCAL ASSOCIATION

Our 30+ Local Associations (LA) are the basic fabric of AORS. Our community is built on a close-to-home organizational model that promotes regular association meetings and events for membership networking and information sharing. LAs also offer our Associates access to high quality, cost-effective training and education programs.

1600+

MEMBERS IN ONTARIO

SAVE ON TRAINING & EDUCATION

1 NETWORK WITH COLLEAGUES AND PEERS
Advance your personal goals and professional career as an LA member. AORS offers you the unique and important opportunity to network with thousands of members and public works associates in your area and provincially. These personal connections will accelerate your industry knowledge, skills and recognition.

2 SPECIAL EVENTS
Work with other dedicated municipal and private sector public works professionals organizing business and social functions in your area and also significant provincial events like our Annual Municipal Public Works Trade Show and Safety Truck Rodeo. LA's donate the revenue from these events to community charitable organizations and educational institutions. Our associates make a positive contribution to their local area and to Ontario.

3 ATTEND EDUCATIONAL PROGRAMS
Take advantage of member discounts for close-to-home, well-organized, relevant training and education. AORS' programs will advance your public works knowledge, proficiency and career opportunities.

The AGM is an important milestone to begin the year. At the AGM the Corporate Directors for the new year are established and all committees report on their plans and objectives for the new year. We also review the previous year and establish what was done well and what could be improved upon. It is also a great opportunity for networking with colleagues in the Province and the Board of Directors.

AORS PRESIDENT (2013) BRIAN KRAL, SUPERVISOR MAINTENANCE OPERATIONS, ROADS NORTH, CITY OF THUNDER BAY, NORTH OF SUPERIOR PUBLIC WORKS ASSOCIATION

4 EXCHANGE TECHNOLOGIES, KNOWLEDGE & TRENDS

Discuss pertinent public works legislation and regulations (e.g. MOL, MOE), trends, techniques and equipment with municipal and private sector associates. Local Association members can tap into a broad base of knowledge to help deliver key municipal services on time and on budget.

5 EXERCISE YOUR RIGHT TO VOTE AND HOLD OFFICE

Be a leader in your association and the public works community as an LA executive member. As your association's nominated representative to the AORS Board of Directors, you will influence and contribute to AORS' strategic priorities and make your vote count at our Annual General Meeting (AGM).
