

Association of Ontario Road Supervisors

5 MUNICIPALITIES

AORS → DUE DILIGENCE →

WAYS TO ADVANCE YOUR MUNICIPALITY

Your staff must meet corporate goals and responsibilities. They also have to satisfy provincial and federal requirements while providing high-quality service to your citizens. As a municipal councillor or senior administrator, AORS offers your staff the information and resources they need to perform their due diligence surrounding roles, regulations, requirements and relationships of local government.

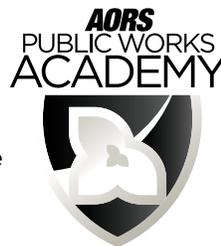

2500+ TRAINED ANNUALLY

1300+ CERTIFIED PROFESSIONALS

1 TRAINING PROGRAMS

Your municipal public works staff need critical skills and knowledge to safely and effectively carry out their responsibilities. Our courses—from equipment operation to leadership—are cost-effective and relevant. We'll bring our courses to your depot.

2 CERTIFICATION PROGRAM

Certified Road Supervisor (CRS) designation recognizes the knowledge and skills of individuals vital to the management of your public works. Our Public Works Professional Development Programs are designed to advance municipal professional standards and boost the performance of your staff with CRS certification that is recognized under provincial statute law.

3 LOCAL ASSOCIATIONS (LA)

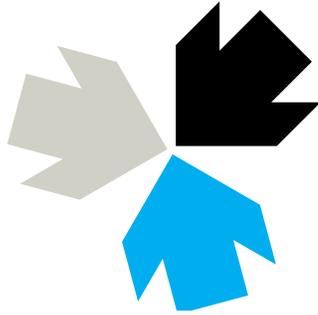

Offering your staff role model responsibilities is an excellent opportunity to effect positive change in your community and our industry. They will tap into a broad network of knowledgeable and supportive public works professionals who know how to provide essential services (e.g. joint tenders) on time and on budget. Our 30+ LA's offer official volunteer positions on executives or committees that provide a key link to municipalities like yours across Ontario.

“

Obtaining the CRS-S designation is an important personal achievement for me. The training related with the CRS program allows me to stay current with today’s Public Works challenges and network with other AORS members. I appreciate the support the Town of Whitchurch-Stouffville has given me during my career to achieve this milestone.

**PETER ALCORN, CRS-S—TRANSPORTATION SUPERVISOR,
TOWN OF WHITCHURCH-STOUFFVILLE**

4 COOPERATIVE AGREEMENTS AND PARTNERSHIPS

AORS has advanced cooperation through key agreements with agencies such as OGRA, OPWA, and private sector companies, to deliver expanded training and certification services to our municipal members efficiently and effectively.

5 ADVOCACY

Our volunteer Board of Directors (BOD) is made up of influential Ontario municipal professionals. AORS has a constitutional mandate to advocate governmental agencies on behalf of our members. We do so by drawing on the Board’s collective experience, knowledge and network to address and advance issues affecting their municipalities.
