

SPOTLIGHT NOW IN PRINT, AND AS AN ONLINE SEARCHABLE DIRECTORY

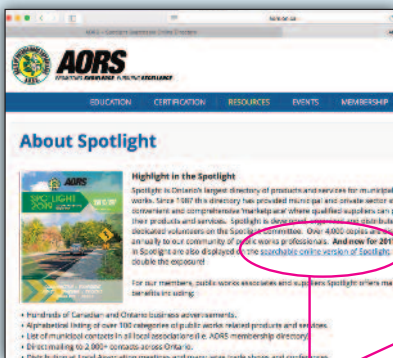

Did you know that Spotlight is available both in print, and as an online searchable directory? You can flip through the book, or you can search for Spotlight advertisers from your computer, tablet and smartphone! Even if you don't have your copy of Spotlight handy, you can still search for supplier info anywhere you have access to the internet. Here's how easy it is...

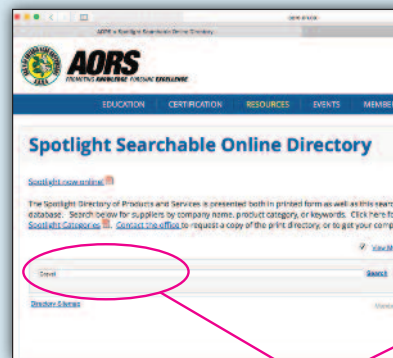

On a laptop or tablet go to the AORS website www.aors.on.ca and click on the **SPOTLIGHT** icon.

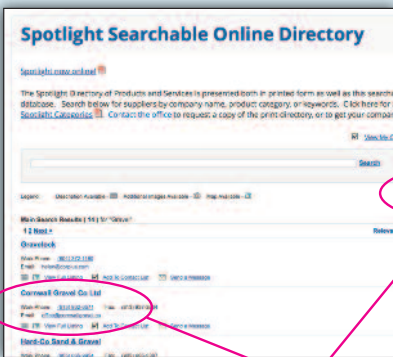

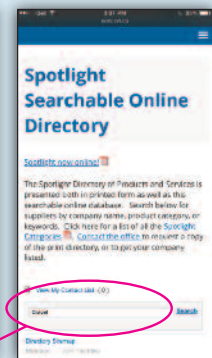

On your phone browser, go to www.aors.on.ca, scroll down and select the **SPOTLIGHT** icon. Better yet, make it a shortcut on your home screen.

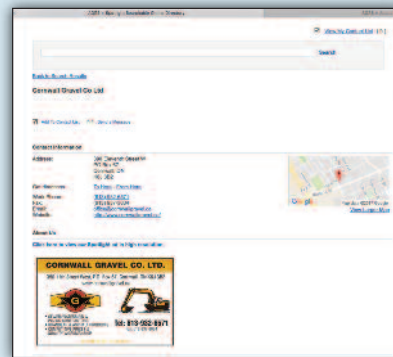

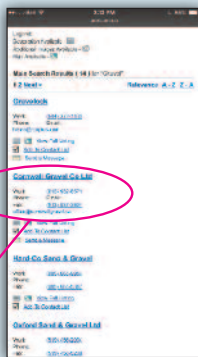

Then click on **searchable online version of Spotlight**.

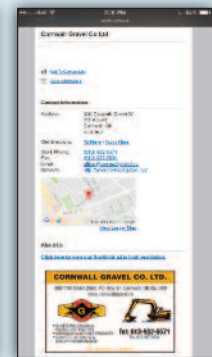

In the search box, enter a company name, product category, or a product or service keyword. e.g. **gravel**, and select **Search**.

A list of companies will be returned to match your search criteria. Click on the firm you want to select.

You now have the complete listing, including a description of the company's offerings, direct links to their website, email and phone contacts, as well as their Spotlight ad.

AORS
PROMOTING KNOWLEDGE. PURSUING EXCELLENCE.
