Dear AORS Supplier Members,

As the holiday season draws near, I want to take this opportunity to extend my thanks to you, our trusted supplier members and industry partners. Your support and collaboration are critical to the success of our organization. From providing us with the equipment and materials we rely on to ensuring we have access to the latest technologies like smart tablet spreader controllers, your contributions are invaluable. We recognize that maintaining strong relationships with our suppliers helps us achieve the high standards we aim for in public works, and we are thankful for your continued partnership. Your support, innovation, and commitment play an integral role in helping AORS and our members achieve excellence in municipal operations across Ontario.

This time of year reminds us of the importance of partnerships and collaboration. Your contributions have not only enhanced the work we do but have also strengthened the communities we serve. Together, we've navigated challenges and celebrated successes, and for that, I am truly thankful.

As we close out 2024 and look forward to 2025, I am excited about the opportunities ahead to further our shared goals. I'm confident that our partnership will continue to flourish and bring meaningful advancements to the industry. A special thanks to all the Spotlight advertisers who have shown so much support for our association.

From all of us at AORS, I wish you a Merry Christmas, Happy Holidays, and a joyful New Year

Sincerely,

Joe Reid, CRS-S
President, Association of Ontario Road Supervisors
