Dear Stakeholder,

In June 2017, the Ministry of Transportation posted information and proposed policy options publicly on the Ontario Regulatory Registry related to the expiry of Ontario Regulation 366/09 (Display Screens and Hand-Held Devices) of the Highway Traffic Act. This regulation is set to expire on January 1, 2018.

After careful consideration of your input, and the input provided by other stakeholder groups, I am pleased to announce the following change to Ontario Regulation 366/09 (Display Screens and Hand-Held Devices):

The current two-way radio exemption for licenced amateur radio operators and specified commercial, public transit, and public function drivers will be extended for a further three-years, effective January 1, 2018 until January 1, 2021.

The amended regulation can be found at: <https://www.ontario.ca/laws/regulation/r17475>

Thank you again for working with us on this important file and for providing your input throughout this process.

Sincerely,

Maureen Tetzlaff
Director
Safety Policy and Education Branch
Ministry of Transportation
